Integrations

Start by adding integrations

Add data to your cluster from any source, then analyze and visualize it in real time. Use our solutions to add search anywhere, observe your ecosystem, and protect against security threats.

Add integrations

Generic search:

Create an alias for new_reviews

The screenshot shows the Elasticsearch console with the 'Console' tab selected. A POST request to `_aliases` is shown in the left pane, and the response is in the right pane. A tooltip 'Click to send request' is visible over the send button.

```
1 POST _aliases
2 {
3   "actions": [
4     { "add": { "index": "new_reviews", "alias": "rev" } }
5   ]
6 }
```

```
1 {
2   "acknowledged" : true
3 }
4
```

200 - OK 355 ms

Sanity check, list some documents

The screenshot shows the Elasticsearch console with a GET request to `/rev/_search` in the left pane. The response in the right pane shows two documents. A tooltip 'Click to send request' is visible over the send button.

```
1 GET /rev/_search
2 {
3   "query": { "match_all": {} }
4 }
```

```
111 {
112   "_id": "b3YfN5gBQQuaETKQjIkME",
113   "_score": 1.0,
114   "_ignored": [
115     "CompleteReview.keyword"
116   ],
117   "_source": {
118     "ReviewTitle": "MAERSK is where i would like to
119       retire from",
120     "CompleteReview": "A very huge organization, with
121       very old people with outdated ways of working.
122       Maersk is the best place to work once you are 45
123       years old as by then you would have already learnt
124       everything you need to and just relax at work. If
125       you are young then you will not learn anything at
126       Maersk rather become used to a lazy culture that you
127       may make you useless for the world outside.",
128     "Rating": "5",
129     "Date": "15-03-2017"
130   },
131   "_index": "new_reviews",
